I. Introduction

- A. The North Carolina Council for Women and Youth Involvement (CFWYI) is the state's leading voice on key issues impacting women. CFWYI is an advocacy division within the Department of Administration (DOA) that provides funding, consultation, and technical assistance to domestic violence centers statewide.
- B. CFWYI has region offices that provide consultation and technical assistance to CFWYI-funded programs and that help with program and board development. The region office staff conduct monitoring assessments, including announced and unannounced site visits and desktop monitoring, for all funded domestic violence centers to ensure compliance with federal, state and local laws, and other criteria established by CFWYI considering evidence-based best practices in service delivery.
- C. CFWYI Grant Administrators provide fiscal and financial guidance and monitoring to programs.

II. Purpose of These Guidelines

The purpose of these Domestic Violence Program Guidelines is to provide all recipients that receive funding from CFWYI with information about administrative, programmatic, and fiscal requirements.

- H. Provide staff support for the North Carolina Internship Council and the State Youth Advisory Council, as provided in G.S. 143B-394.32 and G.S. 143B-394.26, respectively.

IV. **About CFWYI**

CFWYI:

- A. Collects and distributes information about the status of women in North Carolina, and raises awareness of the impact of violence against women.
- B. Administers state and federal grants for domestic violence and sexual assault providers across North Carolina, and provides training and technical assistance to those providers.
- C. Acts as a resource for local and regional Councils/Commissions for Women.
- D. Runs youth involvement and leadership programs, including the NC State Internship Program and the State Youth Council.
- E. Provides anti-human trafficking education and resources.
- F. Collaborates with other groups and individuals working on behalf of women and youth.

V. **Funding Sources**

- A. Domestic Violence Center Fund ([G.S. 50B-9](#))
 1. This fund is established within the State Treasury and administered by CFWYI. It is used to make grants to centers for victims of domestic violence and to the North Carolina Coalition Against Domestic Violence (NCCADV).
 2. The fund is the primary source of state funding for domestic violence centers. Services that must be provided with these funds include a hotline, transportation services, community education programs, daytime services, and call forwarding during the night.
 3. To be eligible to receive funds, a domestic violence center shall:
 - a. Have been in operation on the preceding July 1 and continue to be in operation;
 - b. Offer a hotline, transportation services, community education programs, daytime services, and call forwarding during the night;
 - c. Be a nonprofit corporation or a local government entity; and
 - d. Fulfill other criteria established by DOA.
- B. The fund shall be administered in accordance with the provisions of the Executive Budget Act. DOA shall make quarterly grants to each eligible domestic violence center and to NCCADV, with each grant recipient receiving the same amount.
- C. Marriage License Fees (MLF) ([G.S. 161-11.2](#)): These court system collections are disbursed quarterly to recipients that receive funds from the Domestic Violence Center Fund. The same criteria for eligibility and service delivery apply.
- D. Divorce Filing Fees (DFF) ([G.S. 7A-305\(a\)\(2\)](#)): These court system collections are disbursed quarterly to recipients that receive funds from the Domestic Violence Center Fund. The same criteria for eligibility and service delivery apply.
- E. Family Violence Prevention and Services Act ([FVPSA](#))
 1. The primary federal funding stream dedicated to the support of emergency shelter and related assistance for victims of domestic violence and their children.

2. The FVPSA program is committed to:
 - a. Providing shelter and other supportive services for victims and their children.
 - b. Coordinating statewide improvements within local communities, social service systems, and programming regarding the prevention and intervention of domestic violence through the leadership of State Domestic Violence Coalitions and FVPSA State Administrators.
 - c. Increasing public awareness about the prevalence of domestic violence, dating violence, and family violence.
 - d. Supporting local and community-based domestic violence programs with specialized technical assistance addressing emerging issues such as trauma-informed care; the co-occurrence of domestic violence and child maltreatment; culturally specific domestic violence services; and effective interventions for children exposed to domestic violence.
3. While FVPSA is administered by CFWYI, the majority of these guidelines apply to state funds, and the FVPSA Administrator should be consulted for any specific requirements.

VI. Grant Applications

Programs must maintain an updated Grantee Profile in the online Enterprise Business Services (EBS) system and must submit supplemental applications for funding on forms provided by and according to the directions of CFWYI through the EBS system. CFWYI will review the profile, supplemental application form, and all required attachments after they are uploaded to ensure that they are complete and that they demonstrate the applicant meets all requirements prior to making an eligibility determination.

VII. Grant Awards

- A. Recipients will receive an initial grant award announcement from CFWYI. This announcement occurs at a different time each year due to the General Assembly's budget process.
- B. Funds cannot be released to Domestic Violence Centers until the funds are appropriated by the General Assembly, the budget is certified, and a grant award contract is fully executed. Within 10 business days of budget certification, contracts will be made available to centers. Upon execution of the grant award contract, and approval of a budget within the EBS system, funds may be released. All payments to Domestic Violence Centers are contingent on funding availability.
- C. CFWYI funding is intended to supplement the overall funds that centers receive and not be the primary source of a provider's funding.
- D. MLF and DFF funding is issued based on quarterly collections by the Administrative Office of the Courts, so the annual amounts and dates of quarterly disbursement are beyond the control of both the General Assembly and CFWYI.
- E. Domestic Violence Centers shall ensure that all sub-contracts and sub-recipients, if any, provide all information necessary to permit the programs to comply with their standards,

responsibilities, and obligations.

- F. A commonly used reserve goal for non-profits is 3-6 months of operating expenses. At minimum, reserves should be enough to cover at least one full payroll cycle. CFWYI recommends a reserve of 6 or more months of operating expenses.
- G. Recipients shall maintain records that support the allowable expenditure of state funds for five years from the end of the grant agreement and shall make available all reports and records for inspection for oversight, monitoring, and evaluation procedures.

VIII. State Funding Eligibility

- A. Recipients that receive domestic violence funding must adhere to G.S. 50B-9 and G.S. 143C-6-23, as well as 09 NCAC 03M. 0101-09 and 03M. 0205.
- B. Recipients must display the appropriate logos as determined by CFWYI on their website and published documents.
- C. To qualify all applicants shall:
 - 1. Be a local unit of government or a private, non-profit organization.
 - 2. Operate for one year providing the basic domestic violence services prior to applying for the domestic violence funds.
 - 3. Comply with audit requirements and grant monitoring.
 - 4. Comply with the provisions of the grant contract.
 - 5. Maintain compliance with all CFWYI fiscal, programmatic, and reporting requirements.
 - 6. Have a Board of Directors that receives annual board training.
 - 7. Provide timely and accurate program and financial reporting to CFWYI.
 - 8. Not supplant federal, state, or local funds that in the absence of state funds would be available for any portion of the program.
- D. Recipients that receive the domestic violence state appropriations also qualify to receive a pro-rata share of MLF and DFF collections.

- F. Domestic Violence Centers are allowed up to 20% of the grant appropriation for administrative costs, for both Domestic Violence Center funds and for MLF and DFF collections.
- G. CFWYI leadership, in consultation with the applicable Region Director, reserves the right to hold or suspend payments for non-compliance. While programmatic/service noncompliance can be assessed at any time during the funded year, CFWYI assesses state grantees' fiscal compliance on a quarterly basis. Grant recipients not in compliance with expenditure reporting requirements at the time of quarterly disbursement will receive a 7-day extension to resolve outstanding issues. Failure to meet the 7-day extension will result in an official corrective action. According to 09 NCAC 03M .0801, recipients deemed non-compliant and in receipt of a corrective action letter must respond in writing to CFWYI. Once on an official corrective action plan, recipients will have 60 days to come into compliance. While in a non-compliant status, funding will be withheld. Upon successful completion of the corrective action or improvement plan, funding may resume. Recipients that fail to remedy insufficiencies by the end of the 60-day timeline will be

placed on the statewide Suspension of Funding List and may have their contact terminated.

- H. Level II recipients and subrecipients shall have a single or program-specific audit prepared and completed in accordance with Generally Accepted Government Auditing Standards, also known as the Yellow Book audit. A copy of the completed audit must be provided to CFWYI, no later than 9 months after the end of the organization's fiscal year.

- B. The match must be generated locally and cannot be from other state or federal grants. The source of the match must be specified in the grant application and the executed contract.

 - 5. Any percentage of rent and utilities not associated with program delivery.
- D. When assessing expenses to be charged to line items in the approved budget, recipients should ask whether the expense is associated with carrying out direct services of the program. If the answer is no, the expense may qualify as an administrative cost.

XVI. Internal Controls

- A. Budget: Actual expenditures or outlays from state grant funds shall not exceed the budgeted amounts for each line item or for the total grant.

3. Documents should not include any Personal Identifying Information (PII) for clients. Names and titles of your organization's staff members are not protected PII for grant reporting and you should not redact them. However, you should redact additional information that could be used to trace a staff person's identity in combination with their name, such as home address, date of birth, and social security number. - G. [Family Violence Prevention and Services Act](#) (FVPSA)
- H. [Violence Against Women and Department of Justice Reauthorization Act](#) (VAWA)
- I. [Family Educational Rights and Privacy Act](#) (FERPA)
- J. [The Health Insurance Portability and Accountability Act](#) (HIPPA)
- K. [The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics](#) (CLERY)
- L. NC HB 1105 (Session Law 2020-97), The Coronavirus Relief Act (if applicable)

XXII. Program Services

- 1. Programs must comply with all service requirements of G.S. 50B-9.
- 2. Services cannot be denied based on a client’s immigration status, age, disability, gender identity or expression, race, creed, sexual orientation, national origin, or religion.
- 3. Required Basic Services for Domestic Violence Centers include, but are not limited to:
 - 1. Day Time Services: Programs generally must operate an office located within the county for which funding is requested that is open Monday–Friday during normal business hours and is accessible to clients. The office cannot be located in a residence. Providers that seek to serve a county where they do not have an office must present for CFWYI approval a staffing and outreach plan that addresses the dedicated services

that will be provided, including but not limited to letters of support and memoranda of understanding with established providers and community partners that serve victims and survivors of domestic violence. CFWYI may approve such a plan and award funding for services in a county without a physical office in its sole discretion, taking into account both the elements of the plan and the need for services in the county.

2. Hotline Services:

- a. Staff members and/or volunteers who work with the hotline must receive adequate training on responding to the needs of callers, including assessing callers' immediate safety and need for emergency services, providing crisis intervention services, developing a safety plan, providing supportive listening, describing the program's services, and providing information on community services.
- b. Agencies that operate both a domestic violence and sexual assault program are encouraged to consolidate the program hotlines and cross-train the staff/volunteers responsible for providing hotline coverage to maximize service support to callers.
- c. Programs shall maintain a confidential crisis telephone line that operates twenty-four (24) hours a day, seven (7) days a week.
- d. During regular office hours, callers must have access to a trained advocate. While immediate response by a trained advocate at all times is preferred, programs may utilize answering services after regular business hours. At no time may calls be answered by an answering machine. CFWYI strongly discourages call forwarding to the national hotline or neighboring sexual assault centers without notice.
 - i. If an answering service is utilized, the person answering the phone must clearly identify themselves as a representative of the domestic violence hotline. For example, calls may not be answered "211" or "911."
 - ii. If an answering service is utilized, a trained advocate must be able to safely connect with the caller within a maximum of one hour. An immediate "patch-through" connection is strongly preferred.
 - iii. The business line's voice mail system shall provide callers with the ability to directly connect to a trained advocate. The information about how to reach a trained advocate must be provided immediately upon reaching the voicemail system, not at the end of the message.
 - iv. It is recommended that the program utilize the services of the Language Line (1-877-886-3885) to accept and assist limited English proficient callers.

3. Crisis Intervention and Referral Services:

- a. Programs shall provide crisis intervention services to clients by telephone, computer, and/or in person.
- b. Programs must have access to local community resource information to provide to clients.

4. Transportation Services:
 - a. Programs shall provide or coordinate with other community transport services, if available, to provide clients transportation to needed services. Needed services may include legal, housing, employment, medical, and government benefits.
 - b. Programs are encouraged to network with community organizations such as law enforcement to provide transportation.
5. Shelter Services:
 - a. Programs shall provide or coordinate emergency shelter for clients and their families who are fleeing violence. Any time a client or family is not accepted into a shelter because of lack of space, but would otherwise be appropriate for services, the program is required to assist the client/family with locating an alternate safe shelter and to safely maintain contact with the client/family until a viable alternative is identified. Simply providing the client/family with phone numbers of nearby shelters is not sufficient assistance. When appropriate, CFWYI recommends that the program place a three-way call with the client and the alternate safe shelter to make arrangements. The referring program is further required to continue coordination of services for the family as appropriate, such as transportation back for court appearances in the county of the referring program.
 - b. Shelter beds should not be reserved for “in-county” residents. Shelters are strongly encouraged to develop memoranda of understanding with shelters in surrounding counties to outline referral procedures and transportation arrangements for clients who need to relocate outside of their current county of residence. If the referral is to another domestic violence shelter, the provision of services should be coordinated as outlined in the memorandum of understanding between the programs. Generally, the program accepting the client will be primarily responsible for the provision of services in that county.
 - c. Shelters shall have a written intake process, including procedures for ensuring safety for victims with mental or physical health concerns, children of any gender, or those with substance misuse disorders.
 - d. Staff or volunteers shall be on site at the shelter at all times when the shelter is occupied.
 - e. Shelter services shall provide for the basic needs of the clients, including safety, food, and hygiene products. Program resources shall be used to cover these expenses. Shelter residents shall never be required to purchase any of these items for the purpose of sharing with other residents.
 - f. Shelters should provide lockable storage for each family for protection and private accessibility of medication and other valuables.
 - g. Shelter residents shall be offered complimentary services that may be available through the program, such as advocacy, peer or professional counseling, or court accompaniment. If these services are coordinated through another location, staff shall assist with arranging transportation so that shelter residents have access to the other program’s staff.
 - h. If shelter residency is terminated, providers should offer clients access to all other

- appropriate advocacy and referral services.
 - i. Shelters should be located in an undisclosed location or in a facility that offers enhanced security, such as an alarm system.
 - j. Shelter services may not be denied based on whether or not an individual sought a protective order or other legal remedies.
 - k. Criminal background checks and drug and alcohol testing are not appropriate for victims seeking emergency crisis/sheltering services and shall not be performed or used as criteria for admission to a crisis shelter.
6. Advocacy and Support Services:
- a. Programs shall ensure the availability of individual and court advocacy, as well as individual and group support services for both sheltered and non-sheltered victims and, when appropriate, for their children. To ensure the confidentiality of shelter clients, support groups for non-sheltered victims shall be offered in a location outside of the sheltering space.
 - b. When a support group is offered, clients must be able to access that service within a maximum of 12 weeks of making a request.
 - c. Support group facilitators shall have adequate training and experience, and their credentials should be reviewed by the program prior to the beginning of their work with the program. All support group facilitators shall have, at a minimum, the training required of direct service volunteers or documentation of equivalent training.
 - d. Support group facilitators shall be equipped to provide information to group attendees about other resources available through the program, as well as local emergency services.
 - e. In cases where clients receive therapeutic counseling, the program shall either use a licensed professional on staff or on contract to provide the counseling or refer the client to a licensed professional in the community.
 - f. Additional suggested expanded advocacy and support services include but are not limited to:
 - i. Job counseling and training should be specifically designed for domestic violence survivors entering the job market, taking into consideration their previous absence from the job market and their lack of recent paid work experience, and building on the skills and experience possessed by the client. Job placement services should aim to place domestic violence survivors in available jobs in the public and private sectors.
 - ii. Health education and counseling services should reflect general principles of preventive health care, including, but not limited to, family health care, nutrition education, and the selection of physicians and health care services.
 - iii. Financial management services should include information and assistance on all aspects of financial management, including but not limited to insurance, taxes, estate and probate matters, mortgages, and loans.
 - iv. Educational services should include information concerning available

secondary and post-secondary education programs beneficial to domestic violence survivors seeking employment, and information services with respect to all employment in the public and private sectors, education, health, public assistance, and unemployment assistance programs.

7. Community Education: Programs shall offer awareness of the services provided and community education training programs and outreach by utilizing methods such as the following:
 - a. Programs shall provide the community with information on recognizing the symptoms of abuse and domestic violence, the importance of supporting efforts to reduce it, and how to prevent domestic violence. This should include information on human trafficking, sexual violence, teen dating violence, and other gender-based violence.
 - b. Programs shall provide professional training to groups and organizations about appropriate identification of and response to domestic violence as well as prevention strategies.
 - c. Programs shall have brochures and materials that outline available program services and other community resources for adults and children. Materials should be translated into the primary languages spoken by the local population.
 - d. Community education should be geared to address the diversity of the population served in the community.
8. Case Management, including plans for referral, follow-up, and advocacy.

XXIII. Staff Training

- A. Staff shall receive training to perform their duties. All direct service providers shall have a minimum of 20 hours of training per fiscal year.
 1. This means all new employees, as well as volunteers and staff who perform direct services, must receive a minimum of 20 hours of annual training about domestic violence and related issues, as well as training about their specific job responsibilities. On-the-job training is acceptable, provided that the new employee is continuously supervised by another trained and qualified staff member. Programs may seek approval of alternate training arrangements from their Region Director.
 2. Due to the prevalent co-occurrence of domestic and sexual violence, all domestic violence staff should also be trained about sexual assault, even in programs that do not provide sexual violence services as a primary part of their mission.
 3. Each staff member's supervisor should work with them to develop an annual staff development plan to be kept on record at the program office.
 4. Resources for training include:
 - a. North Carolina Coalition Against Domestic Violence (NCCADV).
 - b. North Carolina Coalition Against Sexual Assault (NCCASA).
 - c. North Carolina Victim's Assistance Network.
 - d. CFWYI Region Directors.
 - e. Training coordinated by the program from other domestic violence programs.
 - f. Other county-based service providers.

5. Training requirements may be met by providing the assigned Region Director with certificates or proof of attendance issued to the attendee by the provider of the training, which must include the topics of the training and the number of hours. The Region Director may request additional information, including the agenda of the training and/or materials provided at the training, to determine compliance.
- B. Agencies that operate both domestic violence and sexual violence programs should cross-train staff to enable them to respond to an emergency situation regarding either issue.

XXIV. Confidentiality

- A. Victims have the right to complete confidentiality.
1. Anyone affiliated with the agency who may have contact with a victim, including entering a building or shelter where victims may be staying or receiving services, should sign a confidentiality agreement. This includes but is not limited to staff, board members, volunteers, contract workers, those providing professional services, and anyone who enters a facility.
 2. For safety, confidentiality, and ethical reasons, when a client or former client is observed in the community, it is inappropriate and perhaps even dangerous to acknowledge or speak to that individual unless approached by them.
 3. Pursuant to G.S. 8-53.12, no agent of a domestic violence center who has completed 20 hours of domestic violence training as required by the center shall be required to disclose any information that the agent acquired during the provision of services to a victim and that was necessary to enable the agent to render the services, unless the victim waives this privilege.
 4. Access to files/written information should be limited.
- B. There are numerous state and federal laws that address confidentiality obligations for covered and non-covered agencies. It is important that all Executive Directors, administrators, advocates, shelter staff, counselors, social workers, and other professionals are familiar with and follow all such laws. Examples include:
1. G.S.90-21.1 through -21.10.
 2. G.S. 8-53.12.
 3. 10A NCAC 26B.0100-10A and 10A NCAC 26B.304.
 4. North Carolina General Statute, Chapter 32A-Powers of Attorney.
 5. North Carolina General Statute, Chapter 122C.
 6. HIPAA PRIVACY RULE-45 CFR Parts 160, 164.
 7. Violence Against Women & Department of Justice Reauthorization Act of 2005, 2013.
 8. FVPSA, 45 CFR 1370.4.

XXV. Communications Access Support

- A. The use of spoken foreign language interpreters may be needed at times to effectively deliver services to non-English speaking clients. It is recommended that programs utilize the services of the Language Line (1-877-886-3885) to accept and assist non-English

speaking clients. Children shall not be used as interpreters. See “[Best Practices for Language Access for Domestic Violence Survivors](#).”

- B. The use of sign language interpreters may be needed at times to effectively deliver services to individuals who are Deaf, Deaf-Blind, or Hard of Hearing. In North Carolina, sign language interpreters are required to be licensed (G.S. 90D). It is recommended that programs utilize the [Sign Language Interpreter Directory](#) and not citizens in the community. See “[North Carolina and The Deaf, Deaf Blind, and Hard of Hearing \(DDBHH\) Survivor Community: What obligations do domestic violence and sexual assault organizations have?](#)”

XXVI. Serving Victims with Special Needs

- A. Victims with special needs include those with physical, intellectual, and developmental disabilities; mental health and substance misuse disorders, and others with nontraditional needs.
- B. Education on substance misuse should include referrals to substance misuse service providers.
- C. In providing services, programs should follow the [Guide to Achieving the Fundamental Elements of Accessibility](#) produced by the North Carolina Office on Disability and Health.
- D. Programs should also be targeted to providers of underserved populations that experience violence at a rate higher than the normal population (e.g., people with disabilities, women of color). Training and education must be provided to enhance service delivery to and from all agencies and practitioners in the continuum of care.

XXVII. Cultural Sensitivity

Recipients should continually research demographic information to stay informed about members of its various communities. It is important that advocates be trained about all age, racial, ethnic, and cultural groups in their service area, as well as more general issues such as discrimination and stereotyping and exploring personal prejudices.

XXVIII. Board of Directors

- A. All not-for-profit recipients must be governed by a Board of Directors with members who represent the demographic profile of the community, as well as businesses, government services, legal, educational, religious, and other systems. An advisory committee is strongly recommended for all other entities.
 - 1. The following committees are mandatory:
 - a. Finance Committee (chaired by the Treasurer).
 - b. Human Resources Planning/Personnel Committee.
 - c. Resource Development/Fundraising Committee.
 - 2. Recipients shall have a board-approved succession plan and strategic plan on file for review by CFWYI.
 - 3. Recipients shall maintain a corporate notebook (physical or digital) containing

- approved board meeting minutes for at least three years. The notebook must also contain the last three years' 900 forms, the program's bylaws, and the agency's 501(c)(3) letter (if applicable).
4. Please contact your CFWYI Region Office for board training availability.
 - B. The board shall designate one or more seats for domestic violence survivors. A board member's status as a survivor may remain confidential at the discretion of the board member. However, the board chair and executive director shall have knowledge of the board member's status.
 - C. New board members shall receive orientation at the beginning of their service.
 - D. Board orientation and training may be provided by a CFWYI Region Director or the statewide coalitions. The content of board training not delivered by CFWYI staff or the coalitions must be approved by CFWYI leadership and the applicable Region Director.
 - E. Boards shall have regularly scheduled meetings and keep written records of meetings, which contain the date, time, and place of the meeting, members attending, decisions, motions, etc.
 - F. Copies of approved board minutes shall be submitted in a timely manner (following approval by the board) as directed by the Region Director and kept on file for review by CFWYI staff during site visits.
 - G. Boards shall have an active Finance Committee to monitor financial management of the agency.
 1. The committee shall submit a written report at each board meeting for the entire board to review.
 2. The Treasurer must be the Chair of the Finance Committee.
 3. Copies of the finance report shall be submitted in a timely manner as directed by the Region Director and kept on file for review by CFWYI staff.
 - H. Public Relations/Marketing and Strategic Planning Committees of the Board are not mandated committees but are recommended.
 - I. Board of Directors and/or management deficiencies are a potential basis for suspension and/or termination of funding.
 - J. Recipients should be aware that CFWYI adheres to and follows the NC Office of State Budget and Management (OSBM) reporting requirements.

XXIX. CFWYI Reversions

- A. Grant funds are issued on a quarterly basis to recipients.
- B. In an effort to deter multiple reversions of state issued grant funds, CFWYI has implemented the following guideline: When a recipient has monetary reversions over two consecutive grant cycles of more than \$2,000 or 10% of the total grant award (whichever is higher), CFWYI will assess that recipient to evaluate their ability to expend any future state-issued grant funds. Such assessment may result in the non-issuance of CFWYI funds or additional monitoring requirements.

XXX. A Living Document

- A. These Domestic Violence Program Guidelines are intended to be a living document; changes will occur over time as information about the state grant program is updated and at the discretion of CFWYI.
- B. Domestic Violence program recipients are encouraged to contact the assigned Region Director or Grant Administrator for ongoing technical assistance, networking, support, and advice.
- C. Questions or recommendations for updates to the Domestic Violence Guidelines are welcomed and should be sent via email to your CFWYI Region Director. Staff contact information is available on the CFWYI website.
