

QUESTIONNAIRE
FOR
AIR CONDITIONERS, ROOM

References herein to specification apply to NC standard specification #4120-1 (latest revision).

1. Bidder _____
2. Manufacturer _____ Model Number _____
3. Class (1 – 32) _____
4. BTU/hr _____ Rated voltage _____
5. Is unit U.L. listed? _____ (yes/no) NOTE: Proof of such listing should be submitted with the bid, as required in Section III, Requirements, of the specification.
6. Power factor, per Section III.A.1: _____ %
7. Total recirculated air flow: _____ CFM of standard air, which is _____ CFM for each 1,000 BTU/hr cooling capacity, per Section III.A.2.
8. Is unit designed for continuous operation in conditions specified in Section III.A.3? _____ (yes/no)
9. Ratio of room sensible cooling effect to net total cooling effect, per Section III.A.4, is _____ %
10. Has cooling capacity BTU of this unit been determined by testing in accordance with Appendix F to Subpart B of 10 CFR Part 430? _____ (yes/no)

Title, date, and identification number of test report: _____

11. Is refrigeration system in complete compliance with Section III.B.1, Refrigeration Equipment? _____ (yes/no)
12. Refrigerant type: _____
13. If Type B, unit has (check as appropriate):

_____ a condensate holding tank conforming to the requirements of Section III.B.1.

_____ a means to pump the condensate over the condenser for evaporation and expulsion to the outside through the exhaust air vent hose.

14. Is unit equipped with an NEC cord in accordance with U.L.-484? _____ (yes/no)
15. Do controls accomplish all functions listed in Section III.B.2? _____ (yes/no)
16. Are air cleaning filter(s) of the permanent type, washable, and unshrinkable? _____ (yes/no)
17. Are air cleaning filter(s) replaceable and available from other than the manufacturer of the air conditioning unit? _____ (yes/no)
18. Is cabinet of unit in full compliance with all requirements in Section III.B.5, Cabinet? _____ (yes/no)
19. If Type B air conditioner, is unit equipped with four wheels? _____ (yes/no)
20. If Type B air conditioner, is unit provided with all ducting and fittings required for routine installations? _____ (yes/no)
21. Does nameplate include all data required in Section III.B.7? _____ (yes/no)
22. Is the other data required in Section III.B.7 provided with each unit, either on the nameplate or in printed documentation? _____ (yes/no)
23. Published wattage rating (for purposes of calculating the EEC, per Section III.C, Energy Efficient Cost Evaluation): _____ watts
24. Published EER for this unit is _____
25. Is air conditioner certified Energy Star and listed at www.energystar.gov? _____(yes/no)
26. Does mfr's warranty comply with all requirements of Section IV. Warranty? _____ (yes/no)
27. Have all tests used to determine or confirm ratings on this model been performed in accordance with the latest revision of the respective applicable standards listed in Section II? _____ (yes/no)
28. Person completing this questionnaire (name printed or typed)

29. Signature of above person _____
30. Title and company _____
31. Date _____
