## Governor Cooper Issues Executive Order No. 143

On June 4th, Governor Cooper issued [Executive Order No. 143](#), entitled: Addressing the Disproportionate Impact of COVID-19 on Communities of Color. This Executive Order outlines new orders that most notably will: (1) Establish the Andrea Harris Social, Economic, Environmental, and Health Equity Task Force, (2) Funding for the HUB Office to create a Small Business Enterprise (SBE) program, (3) Work to eliminate health disparities and provide COVID-19 testing and related services to underserved communities of color.

## Coming Soon: HUB SBE Program

In [Executive Order 143](#) the NC HUB Office was charged with creating a Small Business Enterprise (SBE) program to enhance opportunities for small historically underutilized businesses.

While the HUB Office has begun the process of creating the SBE program we are encouraging certified HUB vendors to apply if they meet the criteria. If your certified Historically Underutilized Business has 100 or fewer employees and \$1,500,000 or less in annual net income (after "Cost of Goods Sold" is deducted) we encourage you to complete and return the one page affirmation form found on this page.

For questions, please call the HUB Office at (984) 236-0130 and submit your [SBE affirmation form](#) by email to [huboffice.doa.nc.gov](mailto:huboffice.doa.nc.gov).

## Honoring Katie G. Dorsett

Governor Roy Cooper ordered all NC flags to be lowered to half-staff beginning July 8th in honor of Katie G. Dorsett, who passed away. Dorsett was the first African American woman elected to the Greensboro City Council. She served North Carolina's 28th Senate District from 2003 to 2010, followed by being appointed by former Governor Jim Hunt as the Secretary of the NC Dept. of Administration. She was also the first African American woman to hold a North Carolina cabinet post. Most notably, Dorsett is helped create the NC HUB Office under [Executive Order No. 150](#).

## Farewell HUB Summer Intern

Seth Lemon, rising Junior at ECU, has completed his summer internship with the HUB Office. Seth added value to the team and assisted on projects to develop his knowledge in supporting HUB firms. Seth remarked that: "Through my internship, I have gained invaluable skills that will in no doubt aid me in my pursuit of a career and in life as a whole. The skills include the ability to create, process and update spreadsheets and databases according to high expectations, while developing internal relationships and effectively communicating with co-workers through a teleworking environment; I've gained a deeper insight into the processes and expectations working in State government".

**The HUB Office would like to thank Seth for his hard work and contributions this summer!**
