NORTH CAROLINA OFFICE OF JUSTICE FOR STERILIZATION VICTIMS

From 1929 until 1974, an estimated 7,600 North Carolinians, women and men, many of whom were poor, undereducated, institutionalized, sick or disabled, were sterilized by choice, force or coercion under the authorization of the North Carolina Eugenics Board.

If you believe that you may have been sterilized under the authority of the North Carolina Eugenics Board, contact the Office of Justice for Sterilization Victims.
