## **EXECUTIVE SUMMARY**

Effective April 20, 1999 and as a result of Executive Order # 150, the Office for Historically Underutilized Businesses (HUB Office) was established in the Office of the Secretary of the North Carolina Department of Administration. HUB participation goals and reporting requirements for state agencies and public entities are contained in North Carolina Statute (NCGS) 143-48 for goods and services and NCGS 143-128.2, 143-128.3 and 143-131 for construction. Further discussion of these statutes is mentioned below.

### **PURCHASING (GOODS AND SERVICES) AND CONSTRUCTION PROJECTS**

The report for the fiscal year 2006 - 07 includes purchasing (goods and services) and construction projects data submitted to the HUB Office by the state agencies and other public entities.

#### **A. PURCHASING (GOODS and SERVICES)**

The Office for Historically Underutilized Businesses (HUB Office) serves as an advocate for HUB vendors, which includes businesses owned by minorities, women, persons with a disability, disabled businesses, and non-profit work centers for the blind and severely disabled. The HUB Office promotes the State's on-line vendor registration and HUB certification process, provides technical assistance, and conducts training on how to conduct business with state government. The HUB Office captures data reflecting the State's HUB utilization and expenditures of the state agencies, community colleges, public schools and universities, while also serving as a resource to these agencies.

**Executive Order #150** states that North Carolina's Historically Underutilized Business participation goal is at least ten percent (10%), by dollar amount, of the State's purchases of goods and services, will be derived from HUB vendors. Executive Order 150 further requires the submission of quarterly HUB purchasing reports to the HUB Office. *The goal for fiscal year 2006-2007 (July 1, 2006 through June 30, 2007) currently remains at 10%.*

The following legislation also addresses the State's minority business goals and reporting requirements for goods and services:

**G.S. 143-48 (b)** states "in part".... "Every governmental entity required by statute to use the services of the Department of Administration in the purchase of goods and services, every local school administrative unit, and every private, non-profit corporation other than an institution of higher education or a hospital that receives an appropriation of five hundred thousand dollars (\$500,000) or more during a fiscal year from the General Assembly shall report".

Cabinet Agencies, Council Agencies, Supporting Agencies, Community Colleges, Public School Districts and State Universities submit a quarterly HUB purchasing report to the Office for Historically Underutilized Businesses.

The figures reported include multi-year contracts. Because those figures are only reported in the year that the contract is actually awarded, HUB participation numbers may be reduced in subsequent fiscal years. Total purchases and HUB participation are subject to change or differ from the submitted quarterly purchasing report data due to the "run date" of each report.

Agencies reporting through NCAS (North Carolina Accounting System) provide a snap shot of its purchases quarterly. The HUB Office compiles the reported purchase transaction amounts and

generates a cumulative report. The adjustments made to the purchase orders are not recorded in the subsequent periods.

Purchasing and HUB Participation Quarterly Report data include purchase orders, and service contracts awarded each quarter. Some entities include Procurement Card (P-Card) and direct pay (manual check) transactions.

Reports from the state reporting entities are due no later than thirty (30) days after the end of each quarter and reflect each entity's HUB purchases within the following categories:

- Term Contracts
- Commodity Purchases (Non-term contract purchases)
- Service Contracts

## **B. CONSTRUCTION PROJECTS**

Construction project data is an important component of the overall HUB participation reporting requirements. On December 6, 2001, the General Assembly enacted Senate Bill 914, which made historic changes to laws governing public construction in the State of North Carolina.

**Senate Bill 914** signed by Governor Michael F. Easley on December 19, 2001 became effective January 1, 2002. Senate Bill 914 affords flexibility in the public construction bidding process, provides for significant new requirements for promoting the use of minority contractors, as well as documenting and reporting good faith effort to that end. All public entities, including but not limited to, state agencies, universities, community colleges, public schools, county governments, municipalities and other local governments, are required to report both formal bids (=>\$300K) and informal bids (<\$300K) construction project data. Note: Effective August 23, 2007, projects funded on or after July 1, 2007, the formal project threshold increased to \$500K.

The following legislation addresses the State's minority business goals and reporting requirements for construction:

**G.S. 143-128.2** states "in part".... "The State shall have a verifiable ten percent (10%) goal for participation by minority businesses in the total value of work for each State building project, including building projects done by a private entity on a facility to be leased or purchased by the State".

**G.S. 143-128.3** states "in part "... "All public entities subject to G. S. 143-128.2 shall report to the Department of Administration, Office of Historically Underutilized Businesses, the following with respect to each building project: (1) The verifiable percentage goal. (2) The type and total dollar value of the project, minority business utilization by minority business category, trade, total dollar value of contracts awarded to each minority group for each project, the applicable good faith effort guidelines or rules used to recruit minority business participation, and good faith documentation accepted by the public entity from the successful bidder. (3) The utilization of minority businesses under the various construction methods under G. S. 143-128 (a1).

**G.S. 143-131** states "in part"... (b) All public entities shall solicit minority participation in contracts for the erection, construction, alteration or repair of any building awarded pursuant to this section. The public entity shall maintain a record of contractors solicited and shall document efforts to recruit minority business participation in those contracts.

Construction data is captured electronically through the **HUBSCO Construction Reporting System** via a web-based Internet site. All public entities are required to report completed construction project data and submit it to the HUB Office. The HUBSCO system has the capability that allows each entity to generate and view its own report (<http://www.hubSCO.com/>).

The report includes both total construction project value and HUB participation for construction projects. The design related and miscellaneous values are captured by the HUBSCO system but not reported as a part of HUB participation (not required by G.S.143-128).

The HUB Office offers HUBSCO training to public entities on how to access and utilize HUBSCO Construction Reporting System. The training schedule, training request form, and system access form are available via the HUB Office website ([www.doa.nc.gov/hub](http://www.doa.nc.gov/hub)).
