INTRODUCTION

The mission of the state of North Carolina Office for Historically Underutilized Businesses is to promote economic opportunities for certified firms in state government contracting and procurement that will foster their growth and profitability.

The HUB Office provides outreach, training and networking opportunities for new and established, certified HUB firms. The HUB website (www.doa.state.nc.us/hub/) provides access to programs and core services, a HUB vendor/firm database, upcoming bids with various state agencies and public entities, HUB Annual Reports, HUBSCO Construction Reporting System information, and the latest news and calendar information for training and conference sessions.

The HUB Office was created by Executive Order 150 on April 20, 1999. The HUB Office was codified, established by law and provided operational funding during the 2001 Legislative Session.

The HUB Office was established to:

- Increase the amount of goods and services acquired by state agencies from certified HUB firms
- Work towards eliminating barriers that reduce the participation of HUB firms in the marketplace, and in state government procurement and contracting
- Encourage purchasing officers and capital project coordinators within state agencies, departments, universities and community colleges to identify and utilize HUB vendors, contractors and service providers
- Educate HUB firms on “How To Do Business” with the State of North Carolina
- Provide resources for HUB firms

CONSTRUCTION PROJECTS SUMMARY

N.C.G.S. § 143-128.3 requires all public entities subject to N.C.G.S. § 143-128.2 to report construction spending information to the Department of Administration, Office for Historically Underutilized Businesses on a regular basis. The HUB Office and the State Construction Office developed the web-based HUBSCO Construction Reporting System ([HUBSCO](#)) to capture construction project information from state and public entities.

State agencies and public entities can also track their expenditures with the system, and use it as a benchmarking tool to meet or exceed their HUB utilization goals for construction-related expenditures in each of the following categories:

- Heavy Construction
- Building Construction
- Special Trade Construction
- Professional Services
- Other Services

The HUBSCO system captures data instantly. In some cases, dollar figures may change while the system is in the process of generating reports. One example of this is the Fiscal Year 2010-11 information for “Counties.” In this case, total spending for the year changed from \$71,623,780 to \$72,228,045 while the reports were being created.

The quarterly and annual HUBSCO reports were finalized on July 25, 2011. These reports showed the following information for each category of reporting entities:

STATUTORY REQUIREMENTS

Effective April 20, 1999, and as a result of Executive Order No. 150, the Office for Historically Underutilized Businesses (HUB Office) was established in the Office of the Secretary of the North Carolina Department of Administration. HUB participation goals and reporting requirements for state agencies and public entities are contained in North Carolina Statute (NCGS) 143-48 for goods and services and NCGS 143-128.2, 143-128.3 and 143-131 for construction. Further discussion of these statutes is mentioned below.

The report for Fiscal Year 2010-2011 includes purchasing (goods and services) and construction projects data submitted to the HUB Office by state agencies and other public entities.

PURCHASING (GOODS and SERVICES)

The Office for Historically Underutilized Businesses (HUB Office) serves as an advocate for HUB vendors, which includes businesses owned by minorities, women, persons with a disability, disabled businesses, and non-profit work centers for the blind and severely disabled. The HUB Office promotes the State's on-line vendor registration and HUB certification process, provides technical assistance, and conducts training on how to conduct business with state government. The HUB Office captures data reflecting the State's HUB utilization and expenditures of the state agencies, community colleges, public schools and universities, while also serving as a resource to these agencies.

Executive Order No. 150 states that North Carolina's Historically Underutilized Business participation goal is at least ten percent (10%), by dollar amount, of the State's purchases of goods and services, will be derived from HUB vendors. Executive Order No. 150 further requires the submission of quarterly HUB purchasing reports to the HUB Office. *The goal for fiscal year 2009-2009 (July 1, 2009 through June 30, 2009) remains at 10 percent.*

The following legislation also addresses the State's minority business goals and reporting requirements for goods and services:

G.S. 143-48 (b) states "in part".... "Every governmental entity required by statute to use the services of the Department of Administration in the purchase of goods and services, every local school administrative unit, and every private, non-profit corporation other than an institution of higher education or a hospital that receives an appropriation of five hundred thousand dollars (\$500,000) or more during a fiscal year from the General Assembly shall report."

Cabinet Agencies, Council Agencies, Supporting Agencies, Community Colleges, Public School Districts and State Universities submit a quarterly HUB purchasing report to the Office for Historically Underutilized Businesses.

The figures reported include multi-year contracts. Because those figures are only reported in the year that the contract is actually awarded, HUB participation numbers may be reduced in subsequent fiscal years. Total purchases and HUB participation are subject to change or differ from the submitted quarterly purchasing report data due to the "run date" of each report.

Agencies reporting through NCAS (North Carolina Accounting System) provide a snapshot of its purchases quarterly. The HUB Office compiles the reported purchase transactions and generates a cumulative report.

Total Purchasing and HUB Participation Quarterly Report data include purchase orders, and service contracts awarded each quarter.

Reports from state reporting entities are due no later than thirty (30) days after the end of each quarter and reflect each entity's HUB purchases within the following categories:

- Term Contracts
- Commodity Purchases (Non-term contract)
- Service Contracts

CONSTRUCTION PROJECTS

Construction project data is an important component of the overall HUB participation reporting requirements. On December 6, 2001, the General Assembly enacted Senate Bill 914, which made historic changes to laws governing public construction in the State of North Carolina.

Senate Bill 914 was signed by Governor Michael F. Easley on December 19, 2001, and became effective January 1, 2002. Senate Bill 914 affords flexibility in the public construction bidding process, provides for significant new requirements for promoting the use of minority contractors, as well as documenting and reporting good faith effort to that end. All public entities, including but not limited to, state agencies, universities, community colleges, public schools, county governments, municipalities and other local governments, are required to report both formal bids (=>\$500,000) and informal bids (<\$500,000) construction project data. Note: Effective August 23, 2007, for projects funded on or after July1, 2007, the formal project threshold increased from \$300,000 to \$500,000.

The following legislation addresses the State's minority business goals and reporting requirements for construction:

G.S. 143-128.2 states "in part"... "The State shall have a verifiable ten percent (10%) goal for participation by minority businesses in the total value of work for each State building project, including building projects done by a private entity on a facility to be leased or purchased by the State."

G.S. 143-128.3 states "in part"... "All public entities subject to G. S. 143-128.2 shall report to the Department of Administration, Office of Historically Underutilized Businesses, the following with respect to each building project:

- (1) The verifiable percentage goal.
- (2) The type and total dollar value of the project, minority business utilization by minority business category, trade, total dollar value of:
 - a. Contracts awarded to each minority group for each project
 - b. The applicable good faith effort guidelines or
 - c. Rules used to recruit minority business participation, and good faith documentation accepted by the public entity from the successful bidder.
- (3) The utilization of minority businesses under the various construction methods under G. S. 143-128 (a1).

G.S. 143-131 states “in part”...“ (b) All public entities shall solicit minority participation in contracts for the erection, construction, alteration or repair of any building awarded pursuant to this section. The public entity shall maintain a record of contractors solicited and shall document efforts to recruit minority business participation in those contracts.

Construction data is captured electronically through the **HUBSCO Construction Reporting System** via a web-based Internet site. All public entities are required to report completed construction project data and submit it to the HUB Office. The HUBSCO system has the capability that allows each entity to generate and view its own report (<http://www.hubSCO.com/>).

The report includes both total construction project value and HUB participation for construction projects. The design-related and miscellaneous values are captured by the HUBSCO system, but not reported as a part of HUB participation (not required by G.S.143-128).

The HUB Office offers HUBSCO training to public entities on how to access and utilize the HUBSCO Construction Reporting System. The training schedule, training request form, and system access form are available via the HUB Office website (<http://www.doa.nc.gov/hub/index.htm>).
