For the Division of Non-Public Education to provide as accurate data as possible, we request the cooperation from each registered homeschool to update their school's data using the online portal each academic year. In addition to the enrollment and total number of homeschools, we kindly request the review and update of any out-of-date contact information, and as a courtesy, we ask

that you list the name and date of administration for each required nationally standardized test administered for that academic year. While this is not required, it does provide documentation of administration. We do not ask that you upload testing results, those are for your homeschool files.
