Keith Thomson
Systems Engineer/ Owner
MountainScape Information Systems, Inc

Keith Thomson lives in Black Mountain, North Carolina and is the systems engineer/ owner of MountainScape Information Systems, Inc. MountainScape provides IT services to local small businesses, non-profits, and churches in Buncombe County. Thomson has been a provider of information technology services to the Asheville area for more than 20 years.

He is the proud father of a daughter who works as an electrical engineer in Research Triangle Park (RTP), North Carolina, and a son who is a flight technician in the U.S. Coast Guard. Thomson is a graduate of both UNC-Asheville and UNC-Chapel Hill. Since moving to North Carolina in 1980, he has been an active volunteer in the Buncombe County and Western North Carolina area.
