

## Purchase and Contract

# New Statewide Term Contract

## Construction Equipment – 2210A

*Effective Dates: October 17, 2023 – October 16, 2027*

The Division of Purchase & Contract has established a new statewide term contract for construction equipment.

This is a mandatory statewide term contract for state agencies, departments, institutions, universities, and community colleges, unless exempted by North Carolina general statute. Non-mandatory entities, including schools and local government, may use this contract if allowed by general statute.

This contract replaces statewide term contract 760H. However, please note that statewide term contract 760H is still effective for use until November 17, 2023.

### New Contract Highlights

The new contract includes more vendors and covers thirty-one (31) different categories to increase the depth and breadth of products offered, including a category for other construction equipment in a vendor's catalog that does not fall into one of the other categories.

All awarded vendors have a dedicated account representative for the placement of orders to ensure agencies receive the utmost level of customer service.
